# Jas Sohi

**TOP TECH SKILLS:** R, SQL, Python (Pandas, NumPy, scikit-learn), MongoDB, Git, Tableau, Excel

## EXPERIENCE

---

{ June 2015 - Present }                      Cardinal Path Inc.                      Vancouver, BC  
**Junior Analyst, Data Science**

Responsible for working directly with the Associate Director, Data Science & Engineering to develop strategies for our clients working in a wide variety of domains. CP is Winner of Most Influential Agency 2015.

{ August 2013 - November 2014 }                      BuildDirect.com Technologies Inc.                      Vancouver, BC  
**Supply Chain Coordinator**

**Systems Implementation** – 1 of 3 with Owner privileges of the Smartsheet implementation in entire company. Became a product expert by designing and testing several Smartsheets to lean out inefficient email processes and encourage collaboration. Scoped out, tested, & implemented a ticketing solution - Freshdesk.

**Leadership** - Managed 5 people from the new Inventory Administration team. 1 of 2 Certified Supply Chain Professionals in the entire Inventory Department of about 20.

{ May 2012 - August 2013 }                      BuildDirect.com Technologies Inc.                      Vancouver, BC  
**Inventory Management Analyst**

**Data Visualization** - Tested, pitched, and implemented a time tracking service (Toggl) throughout the Inventory Department. This helped gather the data to visualize each analyst's workload and built a strong case for us to hire more analysts & focus on our core competency instead of trying to do everything in one role.

{ October 2010 - May 2012 }                      BuildDirect.com Technologies Inc.                      Vancouver, BC  
**Inside Sales Representative**

**Work Ethic** - Showed consistent sales growth MoM ending with personal best of \$150k (May 2012)

**Positive Attitude** - 85% of my customers rated my customer service as good or excellent.

{ August 2008 - October 2010 }                      Bell Mobility                      Vancouver, BC  
**Senior Sales Consultant**

**Consistency** - 100% on a mystery shop (only the 2<sup>nd</sup> out of 9 employees to do so)

## EDUCATION

---

{ Nov 2014 - June 2015 }                      Udacity                      <https://www.udacity.com/nanodegree>  
**Data Analyst Nanodegree** - A new type of subscription based credential built, recognized & taught by industry leaders. Offered code reviewer position to mark other students' projects due to exemplary work on 5 projects!

{ April 2014 - January 2015 }                      Coursera                      <https://www.coursera.org/specializations>  
**John Hopkins - Data Science Specialization** - Completed a sequence of nine 4-week courses culminating in an 8-week project mentored by professionals from SwiftKey, the leading predictive keyboard app.

{ 2004 - 2009 } **BBA - Triple Concentration - MIS, Finance, & Entrepreneurship** - SFU - Burnaby, BC
